### 2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER also includes the insurance fee, a charge to cover the maturity and death benefit guarantees on the Canoe EL Protection Portfolios 75/75 and Canoe EL Protection Portfolios 75/100 contracts. You do not pay the MER directly. It affects you because it reduces the return you get on your investment. Refer to the Information Folder for details about the MER and the insurance fee

### 3. Trailer Commissions

Empire Life pays a trailer commission of up to 1.00% of the value of your investments each year for as long as you hold units of the fund. The trailer commission is for the services and advice your advisor provides to you.

### 4. Other Fees

Excessive short-term trading is the frequent purchase, switch or withdrawal of fund class units. Empire Life will deduct up to 2% of the value of units you sell or transfer within 90 days of buying them. This fee is paid to the funds.

### What if I change my mind?

You can change your mind about your investment within two business days of receiving your confirmation notice. You have to tell us in writing that you want to cancel the transaction. We will assume you have received your confirmation notice five business days after it is mailed. The amount returned will be the lesser of the amount you invested or the value of the fund if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid.
